

TrialWire™

Powered by IXICO

IXICO

Unlocking Imaging's Potential
to Transform Clinical Trials

Why you should be using IXICO's TrialWire

- 1 TrialWire can de-identify any DICOM data whilst keeping an audit trail.
- 2 TrialWire can be used to send DICOM data securely to another computer anywhere in the world.
- 3 Use TrialWire to search through folders containing DICOM data and structure it by study, subject, and series.
- 4 TrialWire is a web based tool with no installation necessary.
- 5 TrialWire is completely free to use.
